Elsevier Scientific Publishers Ireland Ltd.

SUBJECT INDEX
Volume 19

Alkaloids, plant-derived, active against *Trypanosoma cruzi*, 89
Analgesic, antipyretic and ulcerogenic activity of *Nyctanthes arbor tristis* leaf extract, 193
Antibacterial activity against *Bacteroides fragilis* from rhubarb, 279
Antihepatotoxic actions of formosan plant drugs, 103
Antipyretic, analgesic and ulcerogenic activity of *Nyctanthes arbor tristis* leaf extract, 193
Antipyretic studies on some indigenous Pakistani medicinal plants, 185
Anti-inflammatory activity, local, of *Tamus communis*, 81
Anti-inflammatory studies on *Polygonum glabrum*, 255
Anti-ulcer action of *Panax japonicus* rhizome, 95

Bacteroides fragilis, antibacterial activity against, from rhubarb, 279
Bulandshahr district of Northern India, ethno-medicinal uses of plants growing in, 85

Cardiospermum halicacabum and *Cassia occidentalis*, biochemical modes of action of, in inflammation, 201
Cassia occidentalis and *Cardiospermum halicacabum*, biochemical modes of action of, in inflammation, 201
Catha edulis Forsk. of different origin, the content of psychoactive phenylpropyl and phenylpentenyl khatamines in, 269
Chinese medicine, development of, based on pharmacology and therapeutics, 119
Choleretic and hepatoprotective comparative properties of young sprouts and total plant extracts of *Rosmarinus officinalis* in rats, 133
Croton macrostachys, a plant used in traditional medicine for purgative and inflammatory activity, 213

Depigmenting procedures and drugs employed by melanoderm populations, 17
Diabetes, plants used for the treatment of, in Israel, 145
Diuretic activity of plants used for the treatment of urinary ailments in Guatemala, 233

Ethno-medicinal uses of plants growing in the Bulandshahr district of Northern India, 85

Formosan plant drugs, antihepatotoxic actions of, 103

Gallbladder calculi, effect of an aqueous infusion of *Guatteria gaumeri* bark upon, in the golden hamster, 221
Guatemala, diuretic activity of plants used for the treatment of urinary ailments in, 233
Guatteria gaumeri bark, effect of an aqueous infusion of, upon gallbladder calculi in the golden hamster, 221

Hepatoprotective and choleretic comparative properties of young sprouts and total plant extracts of *Rosmarinus officinalis* in rats, 133

Indonesia, Gunung Leuser National Park, the medicinal plants of, 285
Inflammation, biochemical modes of action of *Cassia occidentalis* and *Cardiospermum halicacabum* in, 201
Israel, plants used for the treatment of diabetes in, 145

Medicinal plant complexes, a study of four, of Mexico and adjacent United States, 153

Medicinal plants in Mozambique and their popular use, 67
Medicinal plants of Gunung Leuser National Park, Indonesia, 285
Melanoderm populations, depigmenting procedures and drugs employed by, 17
Mexico and adjacent United States, a study of four medicinal plant complexes of, 153
Moche blood ceremonies, papain in (letter), 227
Mozambique, medicinal plants in, and their popular use, 67

Nigerian flora and its pharmaceutical potential, 1
Nyctanthes arbor tristis leaf extract, analgesic, antipyretic and ulcerogenic activity of, 193

Pakistani medicinal plants, indigenous, antipyretic studies on, 185
Panax japonicus rhizome, anti-ulcer action of, 95
Papain in Moche blood ceremonies (letter), 227
Pharmaceutical potential of Nigerian flora, 1
Polygonum glabrum, anti-inflammatory studies on, 255
Portulaca oleracea, skeletal muscle relaxant action of an aqueous extract of, in the rat, 247
Psychoactive phenylpropyl and phenylpentenyl khatamines, the content of in *Catha edulis* Forsk. of different origin, 269
Purgative and inflammatory activity, *Croton macrostachys*, a plant used in traditional medicine for, 213

Rhubarb, anti-*Bacteroides fragilis* substance from, 279
Rosmarinus officinalis, comparative choleretic and hepatoprotective properties of young sprouts and total plant extracts of, in rats, 133

Skeletal muscle relaxant action of an aqueous extract of *Portulaca oleracea* in the rat, 247
Strychnos trinervis root bark, chemistry and pharmacology of a tertiary alkaloid from, 319

Tamus communis, local anti-inflammatory activity of, 81
Trypanosoma cruzi, plant-derived alkaloids against, 89

Ulcerogenic, analgesic and antipyretic activity of *Nyctanthes arbor tristis* leaf extract, 193
Urinary ailments, diuretic activity of plants used for the treatment of in Guatemala, 233

Journal of Ethnopharmacology, 19 (1987) 345–346
